Curve — Living Range

This is a luxurious range of products made using a Unique wood curving process.

The striking curved design mixes pure class with a contemporary style to give it that unique edge over other furniture ranges.

All of the Curve range features toughened safety glass shelving as standard and an integrated cable management system to hide unsightly cables.

The open design is extremely practical too, giving ample space to accommodate a variety of AV equipment.

Our Sales Assistants are fully trained on this range so feel free to ask them any questions in-store or online.
