FURNITURE

Kensington

Living Range

The Kensington collection is a modern take on the classic leather Chesterfield sofa. Adopting the Chesterfield's distinctive, deep buttoned detailing and quilted leather upholstery, each Kensington piece employs the most traditional construction methods including eight-way hand tied springs and over 700 hand-applied studs. Its level of authenticity is further enhanced with use of gently distressed, vintage leather, adding an antiquated aesthetic to the collection, while proportions and shapes are refined and renewed for a modern sensibility.

Our Sales Assistants are fully trained on this range so feel free to ask them any questions in-store or online.
