Office Range

Montana — Office Range

The Montana Collection is a contemporary offering. The Style of the collection is a chunky look of straight lines and strong presence. Featuring interesting finger joint details on each piece and metal cup handles, this range is both stunning and individual.

The hand crafted, unique finish was created to get better with age.

Each piece of furniture is unique as the oak wood used for this collection features knots and wood grains which add to the individuality of the furniture.

Our Sales Assistants are fully trained on this range so feel free to ask them any questions in-store or online.
