“Elegance is the beauty that never fades or goes out of style”

Audrey Hepburn

Over time we have developed a handwriting that is subtle yet makes a statement, enduring and timeless to ensure the collection has a style that is unwavering and eternal.

We recognise style is also very personal, how you style your living space makes a statement and is a reflection of who you are and how you live.

Within the Classic collection we have developed designs to ensure that there is a style for all tastes and desires. From our exclusive sofa ranges to our extensive collection of fabrics, by choosing Parker Knoll you can be assured that your home will be beautifully styled for generations.

Fabric Collections

At Parker Knoll we have always understood the importance of elegant and luxurious fabric ranges, to help you create your suite of distinction. We are therefore delighted to present our latest collection.

Our design team have created a fabulous range of luxury fabrics and leathers for you to choose from. These are selected from the finest mills across the world to perfectly complement your Parker Knoll suite. Our criteria for selection are strict - we choose our fabrics for their

beautiful design, enduring quality and ultimate comfort. The entire collection is selected and tested to meet the exacting quality standards that you would expect from Parker Knoll, ensuring that your furniture will continue to delight you for years to come.

The extensive fabric collection from Parker Knoll includes classic designs, stripes and plains, and super soft chenilles that are a delight to touch. Whether your preference is for classic damasks, deep and rich velvets or the softest of chenilles there is a world of choice to help you create the perfect suite for your home.

Our leather ranges are sourced from the best tanneries worldwide, and offer the finest of leathers that look fabulous, feel soft and offer their own distinctive finish and natural characteristics.

All our fabrics and leathers have been chosen on your behalf to work perfectly with our stylish furniture range. It's little wonder we've been famous for fabulous furniture since 1869.

Our Story

1869

- Frederick Parker created the business that was to become Parker Knoll, aged only 24.

1869 – 1875

- As the business steadily grew Frederick Parker began manufacturing furniture for Victorian gentry and leading London retail companies. This growth eventually led to the purchase of larger premises at 16 Wenlock Street, London.

Setting the standard

- Frederick Parker took pride in designing and developing the finest furniture using the best of British craftsmanship. He learnt his craft from his father, a cabinet maker, and then later passed these skills on to his sons. These founding principles remain at the core of the business as Parker Knoll continued to lead the market in design, technology and innovation.

1875 – 1900

- As both the Parker business and the Parker Family expanded, 3 of his 7 sons would later join the business as innovators and inventors in developing furniture that would be set to revolutionise the furniture industry forever.

1900 – 1914

- As demand continued to grow, with the help of his sons, Parker moved the business to High Wycombe. Soon after, the business was served with an order to furnish the Palladian Lounge on RMS Aquitania.

1921

- Parkers Son's continued to develop the business and in the late 1920's they met Willi Knoll. His revolutionary ideas to modernise comfort transformed the business. The revolutionary coiled steel wire spring, developed by Willi Knoll remains unchanged in many of our occasional chairs today.

1930 – 1931

- Throughout the 1930's the company exhibited at the British Industries Fair, where they were frequented by royalty.
- Frederick Parker and Sons becomes Parker Knoll.
- Parker Knoll become the first company to advertise nationally in the UK, creating the famous man on spring advert and radical window displays.

1932

- Parker Knoll chairs are chosen to furnish most of the rooms and studios at the new BBC headquarters broadcasting house at Portland Place.

1940

- As a contribution to the war effort, Parker Knoll was involved in the manufacture of aircraft during the Second World War.

1950

- The Development of the Parker Knoll Penshurst Chair continues with the introduction of the Willi Knoll patented 'tension suspension springs'.

1966

- Development of the revolutionary Parker Knoll Recliner begins with the Cornwell Norton; the first new generation Recliner to hit the market in the UK.

1970

- Fire destroys the Parker Knoll factory but not the firm, with upholsterers starting work at a new location 3 short weeks later.

1971

- Parker Knoll move from High Wycombe to Chipping Norton in a complete site relocation.

1980 – 1991

- Parker Knoll remains the leader of the fireside chair and recliner market.

Leading the market

- Continued expansion of the Parker Knoll collection, following the merger of the Cornwell Norton brand with Parker Knoll broadened the awareness of the brand in the market. With the introduction of fully upholstered suites, rocking chairs and the Maxi sofa along with a range of over 200 fabrics to suit 1970's style, Parker Knoll were setting the benchmark for other manufacturers to follow.

1996

- Parker Knoll is named The Number 1 Furniture Brand in the UK.

Success amongst the masses

- Following nearly a century of success, Parker Knoll's awareness and reputation had now extended far beyond its core market. This suggested that the appreciation and desire for Parker Knoll furniture was spreading to younger and more mass market consumers.

2005

- Parker Knoll becomes part of Sofa Brands International Group.

2008

- Parker Knoll takes up residence in Riddings, Derbyshire.

2012

- The Parker Knoll brand is relaunched with two new collections; Classic and LifeStyle. New showrooms located in Harrington Mills, Long Eaton are unveiled, alongside heavy investment in an extensive marketing and advertising campaign to launch the Parker Knoll brand identity.

145 years of the best of British comfort

- Parker Knoll remains a thoroughly British company with an enviable heritage and reputation. With a history spanning over three centuries Parker Knoll continue to lead the market in the UK, sustaining a reputation for designing and developing furniture of the highest possible quality.

Railroaded Fabric

SELECTING A NON-RAILROADED FABRIC

The design of a non-railroaded fabric will require a different manufacturing method which will slightly alter the appearance of the furniture as follows:

The Etienne Grand and Two Seater sofas will have a centre piping on the back and a seam on the front border. These sofas will only be available with two seat cushions which will be Quallofil Extra Life.

The Isabelle Large Two Seater and Two Seater will have a centre seam running through the back, seat and front border.

SELECTING A RAILROADED FABRIC

If a fabric is railroaded it will state very clearly on the back of each fabric. A railroaded fabric will have no joins on the back or seats.
